

Directions to WSAC from I-5:

Take Exit 105. Both the northbound and southbound exits split and offer a "State Capitol" choice to the left. Take the "State Capitol" option.

After taking exit 105, the "State Capitol" lane will take you to a light at Jefferson. Turn right on Jefferson, pass through several lights and take a left at Tenth Avenue. WSAC is located on the right hand side at 206 Tenth Avenue. The building is beige with a red tile roof which should be visible once you turn onto Tenth Avenue.

Parking is usually available directly behind the building.
